ABOUT US

Thank you for considering Phantom Entertainment Services for your next event. We are now celebrating our 32nd year in the entertainment business.

Although we may not be the biggest, we certainly strive to be the best! Our objective has always been to create a special event that will entertain and thrill. If you don't see a specific item that you desire for your event, please give us a call or email us with your request. We are always adding new and exciting items to our inventory of fun and games.

Phantom Entertainment Services was born in the fall of 1979. Owned and operated by Dean Yaukey, the business experienced continued growth in the Disc Jockey industry throughout the mid 1990's. In 1982, Phantom Entertainment may have been the first company in our area to offer a mobile Music Video Dance party with large screen projectors and music videos by request. During the mid 1990's the business began to diversify with new entertainment services such as Sing Along Karaoke. Not long after that our emergence into the inflatable games and novelty business began to develop. Currently Phantom Entertainment Services offers over 100 different inflatable games and many novelty items.

Entertainment services such as Disc Jockeys, Karaoke, Music Video, and Video Karaoke still play a large part in our overall business. Phantom Entertainment Services continues to be a family owned business.
